

Jordan Kim
jordan.kim@caltech.edu | github.com/jordankim

EDUCATION

B.S. Computer Science and Mathematics, Caltech, 2021-2025, GPA: 3.7

SKILLS

Technical: Python, PyTorch, TensorFlow, JAX, CUDA, C++, MATLAB

ML/AI: Deep Learning, Reinforcement Learning, Computer Vision, NLP, LLMs

Tools: Git, Docker, Weights and Biases, Hugging Face Transformers, Ray

EXPERIENCE

ML Research Intern, DeepMind, Jun 2024 - Sep 2024

- Implemented novel attention mechanisms for protein structure prediction
- Achieved 12% improvement on benchmark datasets

Teaching Assistant, Caltech CS156 ML Course, Sep 2023 - Jun 2024

- Led weekly lab sessions for 60 students on practical ML implementations

PROJECTS

Vision Transformer for Medical Imaging: PyTorch, Hugging Face, CUDA, fine-tuning ViT

Reinforcement Learning Trading Agent: PyTorch, OpenAI Gym, Ray RLLib, Deep Q-Network
